DAISY VP

DOSING PUMPS CONTROLLED BY OFIX VP

A SCALABLE SOLUTION

Combining Daisy VP dosing pumps with an Ofix VP analyser, provides to have real automatic water treatment device. It allows to control an automatic pH regulation as well as a chlorine dosing/regulating device.

INTUITIVE APPLICATION

At a glance on your Vigipool application, view the essential parameters of your pool (pH, RedOx, T°C) and intelligently adapt your water treatment intelligently. The application allows you to access the data history and to control the treatment automatically.

COMPACT ET UNIVERSEL

Daisy VP dosing pumps are available in two versions. Combine your Daisy pH or Daisy ORP dosing pump with the analyser for automatic pH control or to drive a chlorine dosing/regulating unit.

MOVE FROM AN ANALYSER TO AUTOMATED PROCESSING

✓ Combine Daisy VP dosing pumps with your connected analyser and turn your monitoring installation into a complete water treatment system

✓ The two dosing pumps, wirelessly connected to your Ofix VP, use the information mesured by the analyser to operate.

✓ There are two spaces for the injectors directly in the Ofix VP, so there is no work to do on the pipe! Installation is simplified

DAISY VP PH
Automatic pH control
to be connected to 230V mains

DAISY VP OX
Automatic RedOx control
to be connected to 230V mains

VIGIPOOL : THE TECHNICAL ROOM IN YOUR PHONE

Vigipool is your new smartphone application that allows you to always have your equipment room in your pocket. In this application, centralise the equipment in the technical room and control your devices connected to the house's Wifi from anywhere in the world. Vigipool allows you to access the various measurements of your Ofix VP and to have real time access to your equipment room.

AN EVOLVING SOLUTION:
For an even more complete installation, add Vigipool-compatible devices to your technical room and see new functionalities added to your application (filtration control, LED spotlight control, etc.)

REQUIRES A TREATMENT DEVICE

PROTECTED FROM THE ELEMENTS (RAIN, ALGAE)

DOES NOT INTERFERE IN THE POOL

Reference	Model	Alim.	Injection volume max	Max. flow rate pump	Volume bassin max.	Conexion	Dimensions case
PF10J053	Daisy VP pH	230V AC	18 litres / day Adjustable	1.5 l/h	150 m³	Wifi at Ofix VP	130 x 115 x 35 mm
PF10J054	Daisy VP Ox
